ABOUT US

Bush Explorations Africa is owned, led and operated by John Dixon & Nicol Wojke. We are based in the Lowveld in the beautiful Limpopo Province of South Africa. Our Bush Explorations Offices are in the quaint Village of Kamperpus, just below the Klein (small) Drakensberg Mountains, close to Hoedspruit the Safari Town, fondly called "The Hood".

Our Mission is simple: Take our Guests and their Families and Friends, on routes diverse and stunning, layered with excitement & wildlife experiences. We will follow Ancient paths, showcasing true Traditional Cultural places and its people steeped with African History and hugely varied Scenery, discovering much more than the standard Safari experience. This we do by taking the roads less travelled, ensuring that sufficient time is built into the Safari Trip to do so. So, let us "Safari together", it is an experience you will cherish and talk about for many years to come!

The Safaris and Experiences are tailor-made and the trips are for a minimum of 4 and a maximum of 8 people. This ensures an up close and private Safari experience. So, whether you are a family or group of friends, we are able to budget and plan accordingly. Our Safari expeditions are not scheduled runs and we will discuss and craft the Safari according to your potential dates, your budget, availability of the Safari Camps, weather and seasonality.
